Badge Reels

Perfect for card reader and proximity systems, our retractable badge reels now offer a 36" cord so you can conveniently extend your card all the way to the reader, and reduce wear and tear on the spring. Tested to 60,000 pulls.

[55-SR] Standard Round: Royal Blue, White, Dark Grey, Red or Black. 

[55-TR] Translucent Round: Blue, Green, Yellow, Red or Purple.

[55-SQ] Standard Square: Royal Blue, White, Dark Grey, Red or Black.

Half Card Holder

Works with the retractable badge reels.

Allows easy swiping of vertical format magnetic stripe cards without punching a slot in the card.

The card is held securely thanks to the snug fit. Since the vinyl pouch covers only half the card, the magnetic stripe is left exposed and ready to be swiped through card readers without removal from the holder.

Maximum insert size is 2 1/8" x 3 3/8"

Card Clamp™ End Fitting

- **Eliminates Slot Punching**
- **Great for Proximity and Smart Cards**

Optional clamp replaces the regular strap end fitting and grips a card. A must for proximity and smart cards with electronics inside that would be damaged by slot punching.

Available for the following badge reels:

55-SR - Black or Royal Blue

55-TR - Translucent Blue
